EXPERIENCE IN THE FIELD

Videographer – Setup and monitor audio and video recording of depositions for attorneys. Prepare a DVD of the video for use in courtroom proceedings.

Logo Design – Design the logo for the Boise State University Drumline. This logo is still in use today.

Animated Music Video – Created an animated music video for Row-Loff Productions using 3DS Max with Vray rendering engine.

ACCOMPLISHMENTS

Leadership/Development – Created and developed an award winning performance high school band at a large 5A division high school. Membership grew from 6 to over a constant 36 per year.

- Said to be the driving force for the high school band since 1999.
- Developed similar programs at other high schools and colleges.

Management/Corporate Relations – Developed great management and corporate relation skills while working as the Assistant to the C.E.O. for Oasis Medical Group.

- Experienced in corporate management, developing, scheduling, and supervision.
- Excellent corporate communication skills.
- Traveled nationwide to assist with personnel management and coordinated company policy changes.
